About OCTC's Safety & Sustainability (S&S) Committee

The S&S Committee provides a venue for OCTC members to share experiences regarding environmental, safety, health, security, and sustainability to reduce risk, prevent accidents, and develop programs at their sites. The committee will be open to all ACC and WVMA members as part of this event.

60 Seats*

Available, Register Now!

**chemical company attendees will be given priority over vendor companies due to limited space*
