

SAFETY & SUSTAINABILITY COMMITTEE

26 August 2026
11:00am – 7:00 pm

Novagard
5109 Hamilton Ave
Cleveland, OH 44114

ABOUT COMMITTEE

The Safety & Sustainability Committee provides a venue for OCTC members to share experiences regarding environmental, safety, health, security, and sustainability matters. The committee identifies best practices, lessons learned, and relevant trends for the purpose of reducing risk, advancing accident prevention programs, and developing sustainability programs to expand knowledge in chemical process and personal safety at member operating facilities. The committee supports the use of good science and public policy while promoting and serving member interests.

This event is free to attend for all OCTC members in good standing and our invited guests.

OVERVIEW

Learning Topics

- Control of Work Systems
- Contractor Safety
- Waste Reduction
- Spill Reduction

Peer-to-Peer Interaction

- Networking lunch
- Post meeting gathering

See detailed agenda on next page.

Thank you to our generous host:

NOVAGARD®
